1947 - 48

Frizzle White

Ferrill's Nursery

Route 8, Box 1246 Salem, Oregon

## FOREWORD

We take this opportunity to offer some of our standard and newer varieties of Camellias.

Our grafts are all one-year, thrifty and well-grown. Prices are for branched plants. Single stems will be shipped in a lower grade. However they are very limited this year, as we are holding sufficient stock plants to graft a larger number in 1948. We will have many more varieties for our next season's list.

**CONDITIONS OF SALE:** All orders, cash with order. No C.O.D. orders, please. If possible, we would like you to call at the nursery and make your selection. Grafted and B&B plants ordered will be shipped via Railway Express, at no extra cost for crating, unless otherwise instructed. Pot plants shipped as indicated.

**WE GUARANTEE** our plants to be true to name, well-rooted, free from disease, and well-packed for shipment. What happens to them after they leave our place is beyond our control. Therefore our responsibility terminates when the plants leave our nursery.

# CAMELLIAS

Camellias are not difficult to grow. With a reasonable amount of care they will grow well, making one of the handsomest of all the broad-leaved evergreen blooming plants. They are long-lived and less subject to disease and insect enemies than most other evergreen shrubs. THEY WILL NOT TOLERATE LIME OR DRYNESS AT ANY TIME. Most of our Western Oregon soil is ideal for their growth. With a little additional care, in the way of fertilizing your plants, you will be well rewarded with a better foliage and growth. In addition to being one of the loveliest flowering evergreens, the Camellia has become one of the more popular blossoms for corsages.

## LOCATION OF NURSERY:

We are 3 miles north of Salem on the Keizer-Chemawa Highway. One-third mile east of Keizer School.

To reach the nursery from Highway 99 W, turn west about 3 miles north of Salem at "Totem Pole" for about  $2\frac{1}{4}$  miles. This route is by (on north side) Chemawa, U. S. Indian School.

## SPECIAL VARIETIES

CONFLAGRATION, large, loose, firey red, semi-double. Grafts: 18-24 inches, 24-30 inches.

DAITARIN, very large, flat, single pink, with a large cluster of petaloids. Unusual. An importation from Japan before the war. Grafts: 12-15 inches, 15-18 inches.

LADY CHARLOTTE, large semi-double pink. Grafts: 18-24 inches.

LINDSEY NEILL, large semi-double to loose peony form, dark red, marbled with white. Grafts: 15-18 inches.

MRS. FREEMAN WEISE, large, loose constructed, semi-double of bright, glowing pink. Grafts: 12-15 inches, 15-18 inches, 18-24 inches, 24-30 inches.

PAULETTE GODDARD, semi-double to peony type red. Showing many stamens. Grafts: 15-18 inches, 18-24 inches.

Prices of above Special Varieties:		
12-15 inches	-----	\$10.00
15-18 inches	-----	12.50
18-24 inches	-----	15.00
24-30 inches	-----	20.00

## COMBINATION CAMELLIAS

The following are combinations of two varieties grafted on one plant - for those who haven't room for many plants.

Frizzle White, 10 inches  
Ville de Nantes, red, 16 inches -----\$10.00

White Empress, 18 inches  
Ville de Nantes, 24 inches -----\$15.00

White Empress, 17 inches  
Ville de Nantes, 19 inches -----\$14.50

Daitarin, 12 inches  
Pax, 12 inches -----\$12.00

Daitarin, 14 inches  
Finlandia, 12 inches -----\$12.00

Louise McClay, 21 inches  
Finlandia, 15 inches -----\$14.00

Louise McClay, 18 inches  
Finlandia, 16 inches -----\$14.00

White Empress, 16 inches  
Vedrine, 16 inches -----\$12.00

Measurements of these were taken early in August, and they should have made additional growth.

## CHOICE VARIETIES

### RED

ADOLPHE AUDUSSON, semi-double, deep red, Grafts: 15-18 inches, 18-24 inches.

### Prices on above Varieties:

12-15 inches	----	\$ 6.00
15-18 inches	----	8.00
18-24 inches	----	10.00
24-30 inches	----	12.50

## YOUNG CAMELLIAS FROM 4 INCH POTS

ANNE LINDBERG: 6-12 inches, some buds.

C.M.HOVEY: 8-10 inches with buds, 12-15 inches without buds.

CUP OF BEAUTY: 12-15 inches; no buds.

ELENA NOBILE: 12-15 inches; no buds.

GRANDIFLORA ROSEA: 8-10 inches with buds, 12-15 inches without buds.

JULIA DRAYTON: 12-15 inches without buds.

KUMASAKA: 6-12 inches; buds on smaller plants.

The above potted Camellias are \$2.00 each. The plants having buds did not make the growth that those without buds made. Please state if buds are desired. Five or more of the potted plants will be crated free. For less than five, please add 25¢, unless other plants (grafts or field grown plants) are ordered. In that case the potted plants will be packed in the same crate with the others.

## FIELD OR SHADE-HOUSE GROWN CAMELLIAS.

BLACK PRINCE: 3-4 feet; no buds: \$6 to \$8.

CHEERFUL: 30-48 inches, bushy plants with lots of buds: \$6 to \$9.

CHEERFUL: Specimen plants, well-budded: 6-7 feet: \$20 to \$25.

COL. FIREY: 2-3 feet, with buds: \$6 to \$8.

ELENA NOBILE: 42 inches, with buds: \$9.

KUMASAKA: with buds: 15-18 inches, \$5; 18-24 inches, \$6; 24-30 inches, \$7.

PEPPERMINT STICK: 2-3 feet, with buds: \$6 to \$8.

PINK STAR: 20-24 inches, without buds: \$6.

PINK PERFECTION: 18-24 inches: \$3.50 to \$5.

PROF. C.S.SARGENT: 48 inches, with buds: \$10.

PURITY: 2-3 feet, without buds: \$4 to \$8.

3-4 feet, with buds: \$10.

REV. JOHN BENNETT: very bushy, with lots of buds: 30-36 inches: \$10.

STARDUST: 2-3 feet, without buds: \$6 to \$7.

VICTOR EMANUEL: 30 inches, without buds: \$8.

The above plants are balled and burlapped for handling. The price range is due to some plants being more bushy than others of the same height, making some worth more. No charge for crating on Mail Orders.

Some of the new varieties we will offer in 1948 are: Glen Allan, Glen Allan, Var., Black Dragon, Louise Weick, Admiral Nimitz, White King, White Queen, September Morn, High Hat and several others. Also for next season's offering, we will have a much better supply of the varieties listed this year.

We also have a good selection of shade and flowering trees, evergreen shrubs, berry plants, and fruit and nut trees.

The St. Maries strain of the evergreen *Magnolia Grandiflora* are making wonderful plants for this Fall. This is the early-flowering variety. Many of our plants have bloomed when two or three feet tall.
